

## **INTERVIEW**

**Date:**

**Name:**

**Title:**

- **What is your role with the program?**
- **Have you been involved since the beginning? How did you become involved?**
- **How do you describe the program to others? Are there different ways you “pitch” it depending on the person?**
- **What were some barriers to implementing the program?**  
**Probe: What were the barriers at the beginning? How did they change as more providers on different units started using the program?**
- **What were the facilitators to implementing the program?**  
**Probe: What were the facilitators at the beginning? How did they change as more providers on different units started using the program?**
- **What adaptations had to be made to successfully implement the program? How did you decide when and how to make these adaptations?**
- **How much has the program changed from its original form one year ago?**
- **Do you think the program is sustainable in its current form?**
- **What do you think needs to happen to make it more sustainable?**
